Jetty Road Glenelg Masterplan

Phase 02 Engagement Information Booklet

**JETTYRD
GLENELG**

DRAFT CONCEPT

Vision for integration of Jetty Road into Moseley Square

The Masterplan Vision

A destination and coastal community high street.

The Masterplan for Jetty Road is a planning and design framework that describes a vision for the street and provides a guide for future development over time. Jetty Road and its broader precinct is currently a focus for recreation, entertainment and business, working successfully as a high street that serves the local Glenelg community. It is also a major tourist destination in South Australia.

The aim of the Masterplan is to retain the distinctive character of Jetty Road, whilst proposing new ideas and improvements that contribute to the attractiveness and function of Jetty Road.

Where are we...

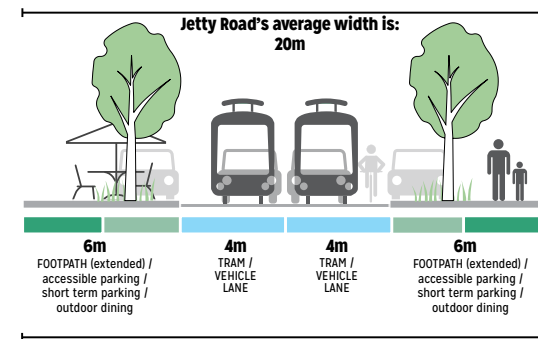

How can we achieve a street suitable for all users?

If we have all this we need 27.8m

Reaching a shared street solution

This can be achieved with 20m

Vision for Brighton Road Gateway
